

Seats with seatbelt | GIS-Liner 3

## The new GIS-Liner 3 A totally new sitting experience!

Elegant, beautiful comfort seat for driver and passenger. Even over long distances the GIS-Liner 3 guarantees relaxed sitting by anatomically shaped seat and backrest cushions.

Features of the seat are wide height-adjustable armrests, stepless adjustment of the backrest, inclination adjustment (NV) or optionally height adjustment (HNV). The seats are supplied as standard with seat belt pre-tensioner Fiat X250/X290 or Mercedes. Further vehicles on demand (IVECO/MAN).

Upon request the seat is available with seat heating, electrical lumbar support, massage system as well as climatisation / ventilation.

---

*"The front seats can easily be turned around.  
A long-distance capability is also attested."*

- **Best sitting comfort**  
Ergonomic backrest shape and anatomically adapted contact surfaces
