

Safety notice

Belt tensioner

Find safety data sheets (VDA) here to download per QR-Code (DE) oder <https://www.aguti.com/downloads/automotive/sicherheitshinweis-gurtstrafer>

Please keep the following in mind while working with a belt tensioner:

- > Don't hold the belt tensioner in the red marked areas!
- > The lower part of the belt tensioner which contains the explosive material has to be held vertically towards the floor. Not towards the body!
